**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have high speed and reasonable cost optical fiber internet to my door because of pro-competitive guarantees in the 1996 telecommunications act. Even in as connected a city as San Francisco, my options are limited and without those measures that encourage competition, I would be back where I was with a gigantic monopolistic provider who charged me significantly more money for a significantly inferior service.

Please say NO to the price hikes that would inevitably follow further restrictions that the legacy giants are asking for - keep the market open and accessible.
